To Whom It May Concern,

This is to certify that **Mr. P Mahesh Kumar** has successfully completed his internship at **Infiposts Private Limited** as an **Software Development Intern**, from **31st March 2026** to **3rd July 2026**, for a total duration of **3 months**. The internship was conducted as part of the development of our **Moro Project**.

During the internship period, he contributed to computer vision and AI model development activities related to the Moro Project and worked closely with the technical team on assigned tasks. His responsibilities included assisting in vision model development, image and video data processing, model testing and evaluation, supporting AI-based object detection tasks, participating in technical discussions, and contributing to research and development activities.

Throughout his internship, he demonstrated sincerity, dedication, professionalism, and a strong willingness to learn. He actively participated in team activities and showed a responsible approach toward his assigned work within a collaborative startup environment.

During his tenure with the organization, he gained practical exposure to real-world computer vision workflows, AI model development, teamwork, and product research and development processes. The internship experience helped strengthen his technical knowledge as well as his analytical, communication, and problem-solving skills.

We appreciate his contributions and efforts during his time with us. We are confident that the experience and knowledge gained through this internship will support his future academic and professional growth. We wish him continued success in all his future endeavors.
